A retreat for the body and senses

Vik Chile,
Millahue

Nestled in a magnificent vineyard in a terroir known by the natives as Millahue, the “place of gold”, so named for its nature, beauty, diversity and the gold found in the area... and now for the Vik Experience.

Located just two hours from Santiago in the central area of Chile, Vik Chile is the perfect place to relax in a tranquil atmosphere. Enjoy the exceptional climate with warm sunny days and cool crisp evenings from September through May.

Our holistic “Wine Spa” invites you to enjoy a unique wellness experience designed to renew your physical and mental energy with special therapies that are the perfect combination of aromas, textures and sounds that offers an outstanding breath of sensations.

Our treatment products were developed from our terroir, where the polyphenols from our grape seeds and resveratrol from the vines provide superior anti-aging, moisturizing, nourishing and anti-inflammatory properties.

With the focus on promoting a retreat for the body and senses, The Wine Spa at Vik Chile respectfully request that you always speak in a low voice in order to preserve the atmosphere.
